

NEXORA — AI-Native Adaptive Commerce

Idea Document

Vision:

An AI-native e-commerce platform built on the MERN stack with Gemini AI. Instead of traditional browsing alone, users can describe their needs in natural language and receive optimized shopping recommendations, proposed carts, cart optimization suggestions, AI checkout review, and intelligent order guidance.

Core Flow:

Discovery → Product Details → Cart → Smart Cart → Checkout → Payment Simulation → Order Confirmation.

Innovation:

AI Shopping Copilot, Cart Health Score, AI Checkout Guardian, Architecture Visualization, Admin AI Insights.

Tech: MongoDB, Express.js, React, Node.js, Gemini API, Tailwind CSS, Framer Motion, Zustand/Redux.
